Motherhood is 50% of feeling like your head might explode, and 50% of feeling like your heart might. I am grateful for it all, and blessed by the two amazing souls that God has entrusted to me to help bring up in this crazy world.

I love setting a positive example for my boys about how hard work and passion for others can lead to a happy and successful life. I am also so proud of their grit and determination in tackling the Dual Language Immersion program and know that they have bright futures ahead of them with a future of biliteracy.

Every motherhood journey is different. After years of infertility, we were blessed to have our son, and then our daughter. For me, motherhood is so special, funny, wild, sweet, scary, shocking, and amazing all at the same time! I am blessed beyond measure to raise our kids with Nate each day!
